COme Visit our IDEal home

COVID-19 has impacted our relationships by pushing us to live closer together with some people and further apart from others. Our personal relationships have been challenged due to social distancing and in some cases isolating us from friends and community.

COme Visit our IDEal home is about building on healthy relationships:

- Healthy versus unhealthy relationships
- Navigating consent

The workshop will also explore contraceptive options and choices:

- How and where to access reproductive and sexual health services

MODE OF DELIVERY

Online Via Zoom
