IT Careers at Origin Energy

SkillME and Australia's leading energy retailer, Origin, with the support of Engineers Without Borders Australia, are running a career advice workshop for overseas trained and qualified IT specialists who are new to Australia.

The workshop will be facilitated by Origin's recruitment team. You will not only receive advice on how to start your IT career in Australia, but Origin will also share their current IT vacancies and their advice on how to improve your chances to be successful in those roles.

Client Eligibility

- Must have work rights
- Must not have completed any paid IT employment in Australia

VENUE

Level 7
